## Architect Series®

Feature the patented technology that recreates the charm of true divided light yet adds a new dimension of energy efficiency & performance. Muntin bars (grilles) are permanently bonded to the interior and exterior surfaces of insulating glass.

Choose from three standard muntin bar (grille) patterns—Prairie Style, 9-lite Prairie Style and Traditional Style. Custom muntin patterns also available.

### Benefits

- Tilt-to-Clean Sash—both sash tilt so interior and exterior glass can be easily cleaned from inside your home.
- Wood Interior—natural wood interior may be painted or stained to match décor.
- Hassle-Free™ Aluminum Exterior—tough aluminum exterior features a seven-step, baked-on finish.
- Optional Primed Wood Exterior—ready for painting.
- Glass—wide variety of energy-efficient double-pane glazing options provide superior performance in hot and cold climates. Options include argon and Low-E coatings.
- Hardware—cam-action locks are designed to increase leverage as the window is closed to assure a superior, weather-tight seal. Locks are recessed into wood for improved functionality and appearance.

### Options

- Insect Screens—Full insect screen “tilts-for-cleaning” or Flat half insect screen.
- Arch Double-hung Styles—attractive arch styles available.
- Hardware finish in Champagne is standard. White or Brass finish is optional. Rocky Mountain Hardware is also available.

### Exterior Color Options

Hassle-Free™ aluminum cladding is available in a wide variety of colors:

- Standard—White, Tan or Brown
- Windowscaping Colors—eight beautifully affordable exterior colors: Hartford Green, Poplar White, Morning Sky Gray, Hemlock, Brick Red, Eldridge Gray, Putty & Black.
- Special Custom Colors—virtually unlimited custom colors.
- Optional primed wood exterior.
