Description of changes (attach additional sheets and exhibits if necessary):

Request to place / install an emergency radio communications antenna on the southwest corner (rear) of the Town Hall. This will be for police radio communications.

The antenna is approximately twelve (12) feet long and one inch in diameter. It is constructed of metal and fiberglass. It would be mounted to the building with metal brackets approximately two feet in length. The base of the antenna would be approximately ten feet above the ground. The antenna cable will run up the side of the building and enter under the eave area into the attic / balcony area. All items can be painted to match the existing building color.
