Short description of the proposed changes. (Provide the details on page 2 and on additional sheets and exhibits as necessary).

This application is to add a green goose-neck period "gas station" style enamel light fixture to the front (East) side of our barn, centered above the big door. Please see attached photos. It is as close as we could find to those found elsewhere in the District, ex., Bundschuh's barn. There apparently was a fixture on our barn at one time, as there is evidence of such, although we have no photo of its existence. Thanks very much for your time and consideration.
